<sup>\*1</sup> The TCFD was established by the Financial Stability Board (FSB) in 2015 following a request from the G20. It assesses the financial impacts on management by climate change-related risks and opportunities, and recommends disclosure on “Governance,” “Strategy,” “Risk Management” and “Indicators and Goals.” (TCFD website: <https://www.fsb-tcf.org/>)

<sup>\*2</sup> The TCFD Consortium was established in 2019 as a platform to discuss effective and efficient corporate disclosure of climate-related information and initiatives to lead the disclosed information to appropriate investment decisions by financial institutions. Companies and financial institutions which support the TCFD recommendations promote the initiatives. (TCFD Consortium website: <https://tcfd-consortium.jp/>)
